NEW PATIENT REGISTRATION

We operate an open list system at Catherine House Surgery and welcome requests for registrations from patients living in and moving to the Totnes area.

In order to register we ask kindly that you complete two forms:

Family Doctor Services Registration (GMS1) Form

– purple in colour, please ensure that you sign this.

New Patient Questionnaire (or Young Patient Questionnaire – if you are aged under 16)

In addition, if you **do not wish** to participate in the NHS Summary Care Record scheme then please complete the **Summary Care Record Opt-Out Form**.

All these forms are available from our reception or alternatively can be downloaded from the New Patient Registration section of our website to be printed, completed and brought into us.

Please bring some **photographic ID** and **proof of address** with you. If you have any difficulties providing this information then please let us know. Children under the age of 18 need not supply evidence and can be registered by the parent/guardian.

You are invited to attend an initial appointment at the surgery with either one of the doctors or nursing staff. Please feel free to make an appointment at your convenience.
